

UN-REDD
PROGRAMME

National Forest Monitoring System Training Modules

Forest Inventories

*Module 1: National forest
assessment and
Policy influence*

Discussion Questions

*NFI Training Course – February 7-11
Port Vila, Vanuatu by Adam Gerrand*

Stakeholders identification

Who are the stake holders for your NFI?

Forest Policies

Which are the most relevant forest policy issues that need to be discussed?

Forest Information

What type of information is most needed?

Linkages

How to link forest policy and information collection?

Why do an NFI? Group discussion & report back

1. Who are the stakeholders for your NFI?
2. Discuss different stakeholders interests and what they want to know about forests that could come from an NFI?
3. What does the Vanuatu National Forest Policy say about inventories?
4. Should all islands be measured or should priority be given to some islands if money is not enough?
5. Should all species be the same priority to be measured or are there some special trees?
